

Work continues on the Calwa Park upgrades, and we're excited to announce that we're on track for a Grand Reopening in Summer 2026!

We are giving our community a fresh start, including placing the iconic historic rocket—a staple of Calwa Park since 1955—at the entrance to our brand-new playground! This renovated centerpiece will lead the way to a whole new era of play and adventure.

What's coming to the new Calwa Park?

-  **A restored historic rocket** at the playground entrance
-  **A massive new playground** with modern equipment.
-  **A vibrant market plaza** for local gatherings.
-  **Upgraded picnic areas** with shade sails.
-  **Beautifully landscaped walking paths** and gardens.

Follow our progress and view the full project gallery at fresnobhc.org.
